DIGITAL GLAZE VITRIFIED TILES

# I GLOSSY I

Hi Gloss Tiles are made using a special transparent glaze. With extra colors, its beauty and sheen is enhanced to a better level. Imported, special transparent glaze is applied on the surface and the tile is heated in a furnace to impart a high gloss resembling crystalline glass. A thin layer of glass glaze is also applied on surface which gives extra shine and brightness. This imported granula is spread with special equipment for more smooth and transparent surface. With extra polishing, this tile is imparted a peerless sheen that is equaled by none. This tile series is highly suitable for interior wall and floor applications for Residential & Commercial areas. This is 100% replacement for Italian Marble due to its high gloss, high durability.

 100% Replacement for Italian Marble

 Nano Technology

 Zero Maintenance

 Random Design

 Imported Super Glaze

 High Reflection Glaze

Icon Notifications

High quality imported glaze is applied on surface and is then heated in furnace

Polished vitrified tiles made with special transparent glaze

**GLOSSY GLAZE**

**NORMAL GLAZE**

The glaze crystallizes, and it is polished with special abrasives and application to produce high gloss on surface

Vitrified body

High resolution tiles with extra colors giving high glossy effect
